Choice Lots of ALL Red Angus Bred Heifers
NEVER OFFERED BEFORE!

Pick of Red Angus Replacement Heifers

Bred cows from the heart of the herd
including a few select older donor prospects

Semen & Embryo Lots

DVAuction
Broadcasting Real-Time Auctions

WELCOME!

Welcome to the Axtell Cattle Company Online Female Sale. The cattle market has risen to unprecedented levels and we wanted to offer you a chance to purchase high quality, maternal Red Angus genetics to build your herd.

For the first time ever we are offering ALL of our red bred heifers. This was a very hard decision since we have many years, dollars and time invested into this group of heifers. As a group, this is one of, if not the best, set we've had. They are all bred to proven calving ease bulls and are ready to work. Each lot will be offered as a choice lot of A or B. You pick the one you like, we will keep the other one. Some of these heifers are going to be really hard to let go but we are excited to offer them to see what they can do to help build other herds.

The bred cows are a mixture of age groups and are lotted youngest to oldest, after the two potential donor cows. The Lot 16 and 17 cows have proven their production over the years producing herd bulls and replacement heifers and breeding back every year, this is what we call potential donor cows. The rest of the cows selling are from the heart of the herd. We tried to include a few head from each age group. The group of cows are NOT CULLS. These are cows that we have kept replacements and bulls for our sale, but we need to cut numbers and wanted to include a good group of cows. Some of these cows produced excellent heifer calves that you can choose in our Pick of Replacement heifers (Lot 1). There will be approximately 50 heifers to choose from and it's going to be interesting to see which of these outstanding heifers is chosen.

The auction will be held on DV Auction. It will be an online auction and you can bid from the comfort of your home. Lots will open Friday, December 12 at 8:00 a.m. (MTN) and will close Saturday, December 13 at 5:00 p.m. (MTN). You are always welcome to look through the offering at our home south of Anton and we can provide you with a listing of the replacement heifers per request. Give us a call and we will tell you all we know about the offering.

We look forward to hearing from you.

The Axtell Family
Brian, Jamie Jo and Clay

SALE CLOSÉS

Saturday, December 13

5:00 p.m. (MST)

Lots Open Friday, December 12 at 8:00 a.m.

Inspection of Cattle: Cattle are onsite at the ranch south of Anton, Colorado. Please contact us if you'd like to stop by and look through the offering.

Health: Health papers can be furnished for cattle to be shipped out of state.

Pregnancy: Cows and bred heifers were preg checked October 29 by Dr. Austin Traphagan DVM of Yuma, CO.

Transportation: Delivery is the responsibility of the buyer. We can assist with shipping options and travel arrangements.

Data: EPD data for the catalog was ran the first week of November. Pedigree information on replacement heifers can be obtained by contacting us.

Bidding: Online bidding will all take place on DVAUCTION.com.

Semen and Embryo Lots: Be sure to check the notes on embryo and semen lots. Embryos will sell 10 x the bid. Semen lot 43 (Glacier Chateau) will sell 19 x the bid. Lot 45 (Boxer) will sell 30 x the bid. Semen packages (Lot 44 and 46) sell as one package 1 x the bid. Shipping costs are on the buyer.

Videos: Videos of each lot will be available prior to the sale on DVAUCTION.com.

Lot 1 PICK OF REPLACEMENT HEIFERS

Offering your choice of our replacement heifer pen. This is an outstanding group of heifers and will include some new sires never sold before including Duff Red Boxer 21217 and Ridge Craftsman 3620. There will about 50 heifers to sort through and all data will be available prior to selection. Contact Brian for any questions or to obtain a list of heifers with pedigree information.

CHOICE LOTS 2-15 BRED HEIFERS

EVERY bred heifer that we kept back will be offered today in choice lots. The winning bidder will have their choice of the lot A or B and we will keep the other heifer. Some of these are going to be really hard to let go but we wanted to offer some of our best genetics in this sale lineup.

Due early April to CRS Diamnd Dominion 275. This beauty was right at the top from the start. She is deep, fancy, easy fleshing, she really has it all. If not for this sale, there is no way she would ever leave our place. She had a 121 WW Ratio as our top heifer. She goes back to some of our best cows and a top cow family.

Due early to mid March to CRS Diamnd Dominion 275. This big and long heifer is out of a maternal sister to cow 370 who is one of the most productive cows that we've owned. 370 still bred back at 13 and will be flushed. 402 will add length, performance and eye appeal. She will make an out-standing cow in any herd.

Due early April to CRS Diamnd Dominion 275. She was purchased as pair from Jauer's in Iowa. She has a neat pedigree of Red Blood x Red Grazer. She is stout and wide and should make a fantastic cow. She was a fall calf but we held her over to calve in our timeframe.

Late February to early March to CRS Diamnd Dominion 275. This heifer comes from a low birthweight, long longevity cow family and she kept the low BW while adding the size, bone and performance from Boss. This heifer is one of my favorites and is sure to be a good cow. It's rare seeing a 61 BW and then get to a 110 WW Ratio.

Due late March to Axtell Maximus 0514. This cow was a very good producer in her earlier years, including herd sire Axtell Redwing 7765 who we used until he was injured. He was one of the heaviest muscled bulls we've raised. Her days of producing high weaning weights are likely over, her calf this year was around average, but the genetics are here. She would make a great donor cow to pass along her elite and rare genetics.

Due late March to Ridge Craftsman 3620. Here is an excellent Donor Prospect. She has kept the exact same flesh from a calf til now. She is as sound as you can make one, has great feet and udder quality and looks like a middle aged cow at nearly 12 years old. She has a good bull calf in our keeper pen and comes from a long line of cows with exceptional longevity. She needs to be in a flush program.

Due early April to Duff Red Boxer. This cow's daughter sells at Lot 11A. She is a bigger framed cow and bred to Boxer, it should be a moderate, heavy muscled calf. She's a good producer and I think her next calf will be outstanding. Be sure to check out her bred heifer in the sale. She's a stand out.

Due early to mid May to OCC Kaycee 610K or HRR Journeyman 3248. This great cow is from an extremely productive and long lived cow in our herd. This cow and her older, full siter 456 have left their mark in our herd and their genetics will live on. She is easy fleshing and a very good cow for us. She has an excellent bull in our bull pen again this year. 534 and this cow family will go down as some of our best.

Lot 43 SEMEN LOT

GLACIER CHATEAU 744

19 units

This is a rare sire that has seen renewed interest over the past few years and is in high demand. This is your opportunity to tie in to this legend! Sells 19 x the bid. Stored at Rocky Mountain Sires, Wellington CO

Lot 42 EMBRYO LOT

VGW KING OF THE WEST

(Reg # 659657)

X

BUF CRK AMBER M033

(Reg # 861874)

You are bidding on 10 Embryos selling 10 x the bid. These embryos are from the Buf Crk Amber M033 cow, the high selling cow at the Buf Crk dispersal, and King of the West, the sire of Norseman King. If you want to turn back the clock a little, this is your opportunity to acquire some time tested genetics that are hard to find today. M033 has 41 calves to her credit. Embryos stored at Nebraska Bull Service, McCook NE.
